Worksites Support Healthy Babies and Healthy Moms

Did you know that there are benefits to breastfeeding for both mothers and babies? Breastfeeding mothers reduce their risk of breast cancer, ovarian cancer, and diabetes, and reduce their babies' risk of ear and respiratory infections, diarrhea, asthma and obesity. A growing number of employers are trying to help breastfeeding moms continue
Mothers' room upgrades at Fergus Falls Public Schools

The PS4H Golden Start Breastfeeding Initiative offers worksite wellness partners assistance with selecting an appropriate space for a mothers' room, drafting a lactation policy, and securing funding for comfortable chairs, small refrigerators and signage. Jen Kohorst, Fergus Falls Public Schools District Nurse, championed these improvements in the Fergus Falls Schools. "Through the help of PartnerSHIP 4 Health, we were able to update our mother's rooms, making them cozy and comfortable for nursing/pumping moms," she reports. "In areas with ever-changing pumping room locations, we also were able to create 'on the go' pumping bags, helping make any area pumping friendly. PS4H made the process seamless and helped me every step of the way, from applying for the grant to connecting me with a local lactation consultant. We are thrilled with the new updates and very thankful for the assistance and grant PS4H provided."

Breastfeeding Friendly Workplace Applications Due Aug. 15

August is National Breastfeeding Month, and that means it's time to submit your applications for the Minnesota Department of Health's Breastfeeding Friendly Workplace program. The program is free of charge, and recognizes workplaces that show a commitment to supporting breastfeeding mothers at work. Being recognized can help promote your business in the community, show that you care about healthy employees and families, and can have real benefits for your bottom line. The application process is simple and rewarding! Click the button below to learn more about the program from the Minnesota Department of Health's website.

SNAP/EBT Accepted at Local Farmers Markets

Farmers markets across the region are committed to making fresh, nutritious and locally grown foods available for all people, including SNAP/EBT shoppers. There are a wide array of products considered to be allowable purchases at farmers markets including fresh fruits and vegetables, meat, fish, eggs, jams/jellies, honey/maple products, baked goods and seeds/plants to grow food.

As an added incentive, farmers markets physically located in Minnesota have the option to participate in the Market Bucks program through Hunger Solutions. Market Bucks allow SNAP shoppers to expand their purchasing power and make healthy foods more affordable by matching SNAP/EBT spending dollar-for-dollar (up to $10 per market visit). The Fergus Falls, Detroit Lakes and Moorhead farmers markets all participate in this valuable incentive program.

**Fergus Falls Farmers Market**

www.lcsc.org
Are you or one of your staff interested in becoming a Lifestyle Coach for the Diabetes Prevention Program? The next local training opportunity will be September 11–12th in Fergus Falls.

- The training includes coffee and water all day, light healthy breakfast, a healthy lunch, and a light healthy snack both days.
- There is NO CHARGE to attend. Maximum of 12 participants. Registration deadline is August 14, 2018
- This training is being sponsored by PartnerSHIP 4 Health and is funded by the MN Department of Health and the Centers for Disease Control and Prevention.
- The Diabetes Prevention Program is a yearlong program. Each Diabetes Prevention class lasts for at least one hour. Lifestyle Coaches will need time for class preparation, tracker input and data entry. Most Lifestyle Coaches spend 3–4 hours per week on the program. Please make sure that your supervisor is aware of these responsibilities.

**Otter Tail County Public Hearing for Tobacco 21**

The Otter Tail County Board of Commissioners will be hosting a public hearing on August 14, 2018 at 1:00 P.M. The meeting will be held at the Otter Tail County Government Services Center County Board Room in Fergus Falls, Minnesota.

The proposed ordinance will:

1. Prohibit the provision of tobacco, tobacco products, tobacco–related devices, electronic delivery devices, and nicotine or lobelia delivery devices to a person under the age of 21.
2. Require verification that the person is at least 21 years of age prior to distributing a product.
3. Require clearly visible notice of the county minimum legal sales age to be posted at the location where products are available for purchase.
